

# Equine Outreach Program

*Therapeutic Horsemanship of Hawaii's goal is to improve the minds and bodies of our riders, using our horses as partners. Our riders build strength in their bodies by learning to groom, saddle and ride. They improve their confidence by learning from our horses and receiving unconditional love that only animals can provide. Therapeutic Horsemanship of Hawaii specializes in riding instruction for special needs individuals, but provides therapeutic riding to individuals of any ability.*

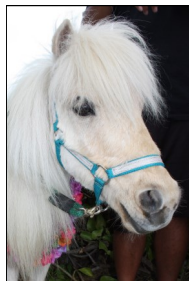

## What is Equine Outreach?

Therapeutic Horsemanship of Hawaii's Mission has always been to share horses with the community, however, we have realized through the years that there are many individuals who are unable, either for physical or financial reasons, to visit our facility. In fact, some of these individuals might be the ones most in need of the special gifts that horses can provide.

So, we reached out to the community and were able to receive enough donations to start up our Equine Outreach Program. Everything was donated, from the horses to the van to the costs of modifications to the van.

Now, our horses can travel to those in need, bringing with them the mysterious magic that happens between humans and equines!

## Meet the Mini's!

**Makakoa** is our little "unicorn". He was born on the Big Island and suffered an injury caused by a bigger horse. He has since recovered and joined our program in 2014!

**Kamalani** is also from the Big Island. She and Maka came over to join us at the same time. Her name means "royal child" and she certainly the queen of the barn!!

## Who Do We Serve?

The Equine Outreach Program will visit hospitals, schools or long term care facilities free of charge.

**Call or text (808) 342-9036 or email [dana@thhwaimanalo.org](mailto:dana@thhwaimanalo.org) to schedule.**

The mini's can also visit birthday parties, corporate events or other events for a fee.
